

Our Profile

Sadbhawna
Samiti

Organizational Profile

Sadbhawna Samiti was founded by Dr. K.N. Mishra with the noble objective of equitable development of the disadvantaged and the less fortunate and to usher them into the mainstream society. In order to enhance its contribution in the human development sector, a separate division named Sadbhawna Centre for Social Research and Development (SCSRD) was founded in 2008 to take up research, impact assessment and monitoring & evaluation (M&E) studies as well as large-scale surveys and capacity building assignments. Promoted by eminent experts having decades of experience in the development sector, the organization is steadily gaining prominence in the development sector. Over the years, we have carried out more than 150 different assignments for different clients. The organization has experienced manpower who have worked in both urban as well as rural areas of the Northern and Western states of the country including Uttar Pradesh, Madhya Pradesh, Bihar, Jharkhand, Gujarat, Himachal Pradesh, Rajasthan, Uttarakhand and Chhattisgarh. The team members have experience of working at the district, block and village level.

Organizational Setup

Key Operating Sectors

Vision

To become a premiere institution providing knowledge based services (research, consulting & training), besides providing a platform for the sustainable & holistic development of the marginalized sections of the society through country-wide community participation and partnerships.

Mission

- To undertake research, training, and consultancy assignments for various Government and Non-government agencies.
- To educate men, women and children belonging to the disadvantaged sections of the society living in remote rural areas.
- To provide economic security to the rural poor through micro insurance and group insurance projects.
- To boost the agriculture sector by bringing new technologies within the reach of farmers for increased agriculture productivity with sustainable water use.
- To generate community awareness and mobilize them through IEC activities.

Areas of Expertise

With a thrust on quality, we are a specialist in undertaking Research and Consultancy assignments and implementing Social Development Initiatives —

Research & Consultancy

- Research Studies
- Monitoring & Evaluation Studies
- Consultancy Assignments
- Large Scale Surveys
- Training and Capacity Building
- Project Implementation Plans (PIPs)

Implementing Social Development Initiatives

- Agri-business
- Literacy Programs
- SHG formation
- Micro Financing

Human Resource

SCSRD believes that the most valuable asset for an organization is its Human Capital. As such, SCSR D has developed a large pool of dedicated field workers. The uniqueness of the organization lies in the fact that our human resource base is spread all over the State of Uttar Pradesh — right from the district, block, down to the village level. This facilitates smooth execution of various projects undertaken by the Organization. Moreover, due to its widespread networking down to the grassroots levels, the organization is well versed with the intricacies involved in delivery of quality services at various levels. The organization's knowledge bank comprises of the following —

Founder Director	-	Late Dr. K.N. Mishra
Chairperson	-	Dr. Aparna Mishra

Management/Technical Experts

(Panel of Management/Technical Experts on 'as and when required basis')

Projects Handled

The organization has a huge knowledge bank and over the past several years, its members of the core expert group have undertaken numerous studies in the development sector. Some of the important ones are mentioned below —
